

## 2007 CRA Aggregate Data

The FFIEC has released the 2007 CRA Aggregate data. We have imported this data, and now have it available for your use in CenTrax. You have two ways to get these new files: A) Notify us to send them to you immediately, B) Simply wait and receive them in September along with 2007 HMDA Aggregate, 2007 Small Business data, and Version 8.5 program updates.

Please let us know if you're a Type A (Pun intended). Also, don't forget to visit [FFIEC.gov](http://FFIEC.gov) to print your disclosures for the Public File.
